Hey CJ, I don't have time for a call today and this week is extremely busy. I'd be happy to talk next week if that works for you.

Thanks,

Subject: Items for discussion tomorrow, 6/19/13 - draft npdes permits for the Sand Island and Kailua WWTPs

Dan,
Here is what we would like to discuss.

- 1) Sand Island enterococcus daily max limit – follow up since we submitted correspondences related to this subject item
- ii) Any response to using a percentile of the salinity for input to the Plumes model
- iii) Chlorophyll_a and turbidity monitoring requirement under Kailua's permit.

Thanks.
CJ
